Fatally On Broadway;

The Quad-Cities' 11th traffic fatality of the year and fourth of the month was recorded Friday night when struck by a downtown car on Broadway, a woman was fatally injured by an auto in front of the American Legion home in Venice.

A Venice woman was hurt in a Madison collision, and seven other persons suffered injuries as 14 accidents were recorded here during the weekend.

A Granite City woman Mrs. Angeline Dorris, 55, of 2816 Forest avenue, was killed Friday night when struck by a downtown car on Broadway in the 700 block of Broadway, Venice.

Mrs. Dorris, who was knocked down and run over, was pronounced dead at her home and her body was taken to St. Elizabeth's hospital.

The driver of the auto, Jess A. Clemer, 46, of 1904 E. Evansville road, Madison, told Venice police he was driving past the center of the intersection and glanced to the right as an auto passed him on the east side, suddenly, a woman stepped in front of his auto from the left, and he was unable to avoid striking her.

Witnesses told police Clemer was driving 25 miles an hour or less. He was charged with reckless homicide on a warrant filed by Assistant State's Atty. John Githoff, pending an inquest to be conducted at 7 a. m. Wednesday in the Venice city hall by Deputy Coroner Francis L. Taylor.

The victim's husband, William Dorris, a railroad worker, said he and his wife had gone to the Venice Post Dupont for a fish sandwich, and that she was going when he returned to the bar after going to the restroom.

Husband Notified At Home  
"When I was unable to find her," Dorris said, "I thought she might have taken a taxi home, so I left and went home. She wasn't there and I decided to wait and wait at home until she arrived to notify me of the accident. I couldn't believe it until they showed me her corpse."

Mrs. Dorris, a native of St. Louis, had been employed as a switchboard operator at a St. Louis by Southwestern Bell Telephone Co. and was scheduled to retire next June after 40 years of service. She and her husband moved here to 2816 Forest avenue from St. Louis three years ago.

Church, Subdivision  
Push Monthly Figure To Highest Total Of Year

More than one million dollars in new construction permits have been issued Granite City during August, the first monthly figure to climb to seven digits since June 1959.

Last week, 30 permits worth \$243,105 granted by the city hall swelled the monthly total to \$1,036,104, with several digits to go.

Chief projects authorized last week were the Devey Avenue Methodist Church, \$35,000 for a new building adjoining the present structure at 2328 Devey avenue; and the first eight dwellings of a subdivision called "Dreem Village" by contractor Henry Ross. By year's end, Ross hopes to have completed some 35 homes in the area, located north of Shamrock Gardens.

Church plans call for a masonry exterior for the 60x37x53-foot structure. The building, to be constructed by M. H. Wolfe & Co. The present church, still in use, will be razed and the space utilized for parking when the new building is completed.

**\$15-\$20,000 Homes**

Seventy-two lots have been purchased by Ross, and the subdivision when completed will occupy three streets—Edgewood avenue, Franklin avenue and Devon Hill lane.

His brother told members of the Long Lake volunteer rescue squad that the victim was swimming with an inner tube and had thrown the tube out into the canal to swim in it when he went down.

The Mitchell rescue squad was first on the scene after the drowning was reported about 3:30 p.m. and called for assistance from the Long Lake and Wood River volunteers, who responded with four boats. ## Murder, Robbery Angles Studied In Portell Death

\$2,658,157 County Budget Proposed, \$1,835,507 Levy

The 1960-61 Madison county budget to be submitted for adoption by the county board of supervisors Sept. 13 totals \$2,658,157, a \$75,896 increase. The proposed new tax levy is \$1,835,507, up \$311,466.

Announcement of the spending and taxing proposals was made at the county courthouse in Edwardsville Friday morning by the supervisors' finance, fee, salary and transportation committee.

Committee Chairman Leslie Prehn said the increase results from revision of such projects as construction of a county juvenile home and repair of the county jail. Both are to be financed by sales tax receipts.

Describing the recommended appropriation ordinance as "balanced," Prehn said the finance committee took note of higher commodity and service costs and a 42,000 population gain in the past ten years.

The chairman commented that some funds requested submitted by county officials were rejected. He said the committee met for three weeks to develop a workable budget which will fulfill all basic necessities and as many new demands as possible.

As drafted but still subject to revision by the county board, the budget provides for such new additions as the salary schedule of the peace program, alterations at the courthouse to provide additional office space, a new county clerk and a new meeting room for the board and remodeling of the county jail.

Decreases in the budget include a \$100,000 reduction in the allocation of funds for the county jail. He explained that the county will no longer maintain the position of county physician but will have a physician on call.

## Victim Last Seen In Local Lodge 2 Days Before Body Is Found

Murder with a robbery motive is being investigated by Granite City and county authorities in the death of Vincent B. Portell, 66, whose body was found Tuesday evening in the Mississippi river and was identified late Thursday night.

Portell, a pipefitter of American Steel Fabricators for 25 years, was known to carry large amounts of money, and was last seen about 9:30 p.m. Sunday, Aug. 21 in a local lodge.

Police Chief Raymond Willard and Assistant State's Atty. John Githoff questioned a number of persons over the weekend in an effort to trace Portell's movements after he left the Moose lodge, 19th and State streets. The victim did not own an automobile and did not have a driver's license.

His body was found about 7:30 p.m. Sunday at a spot near the bank of the river. The body was found near the Chain of Rocks river bridge. He was unidentified until Thursday night.

**Mystery Disappearance**  
Mystery surrounds the disappearance of his trousers and a search of the scene Friday by Githoff, Chief Willard, Deputy Sheriff William Thompson and Deputy Coroner Henry Pieper failed to uncover any evidence. However, it is believed the victim was taken to the river and thrown in near the point where the body was found.

Portell, who was separated from a rib prior to the death and a skull fracture and broken nose after death. The bank of the river at that location is paved with jagged rock. It is possible he was thrown from the river at that location.

The exact cause of death, whether by drowning or a beating, has not been disclosed to local authorities, but is expected to be reported soon in a request. Deputy Coroner Pieper has not yet set the inquest date.

Portell, who was separated from his wife, roomed at 1739 Edison avenue. A search of his quarters failed to reveal any evidence of a struggle.

Portell worked Sunday at the American Steel plant, where he had been employed for many years. He failed to report for work Monday morning, and his disappearance became known to the family only later in the week, when a son, William, "Bub" Portell, who works in a different department at American Steel, was notified his father had not come to work for two days.

Tentative identification was made Thursday when police were asked to rub his body at a local store. He always brought home a work bag.

## GC School Program Improved For Fall

Major improvements in the programs at Granite City schools were summarized today by Supt. Harold M. Kaiser. The general improvement included purchase of up-to-date textbooks and more books for the libraries. New texts were added in the areas of mathematics, science, social studies and history. For industrial arts, a complete program has been organized for grades 7-12, with new equipment added to the wood and welding shops.

At the 11 elementary schools the specific improvements include the adding of visual aid material—globes, maps and films—standardization of the testing program and expansion of the remedial reading services. To accelerate the progress of application for the special education program, a school psychologist, to be shared with other county school districts, has been employed.

A new curriculum has been adopted for the three junior high schools. Languages, arts and social sciences will be combined in a two-hour period in grades seven and eight. The two studies will continue to be departmentalized in the ninth grade. Foreign language will be offered in grades seven and eight for the first time.

Biology will be offered for the first time on the ninth grade level. This addition will provide opportunity for four years of college preparatory science work.

## Man Withdraws Report Of Money Auto Theft

A Granite City man who told police Friday he had been "picked up" by two women and a man, who robbed him of about \$170 and took his car as a pawn, he told police later.

Charles A. Ziske, 2182 State street, originally told Granite City police he had been taken to Bend Road by the trio at about 3 a. m. Friday, leaving from a tavern in Madison. They took his cash and car and then abandoned it, he said.

The case was investigated by county authorities until the man where Ziske said one girl worked proved a false lead, and by Madison police until Ziske told them he had not been robbed. He said he had been out with friends, and that he had started Thursday night. He said he apparently spent \$70, he said, because Friday he found \$100 in the "stolen" car.

The "stolen" car was found Friday by Granite City police blocking a driveway at 17th street and Grand avenue. Ziske said he does not know how it got there.

## Bischoff Records 'No' Vote On Bus Contract

Granite City school board member Herbert Bischoff informed the Press-Record Friday that he had voted "no" during last week's board session on a motion awarding a three-year contract to Community Coach Co. for pupil transportation.

Bischoff said he submitted a statement to the board stating the next day giving his reason for opposing the contract. His statement is to be inserted in the minutes of the meeting.

In his statement, Bischoff said, "I find nothing wrong with the bid or the service provided by Community Coach Co. However, I believe our cost of transportation should be cut, as we are providing service far beyond that required by the state of Illinois."

During a meeting of the board on Aug. 9, the possibility of eliminating eight routes for senior high school was discussed and in a call for a new transportation bids for an Aug. 22 opening date, the cut in service was included as an alternate proposal. At the earlier meeting, board attorney pointed out the district is responsible for transportation of pupils living more than 1 1/2 miles from a school in an area where adequate public transportation is not available.

The new three-year bus contract sets a base figure of \$53,201 a year for the first two years. The school board estimated at \$60,000 a year, and a base figure of \$87,274 for the third year. The board, with the estimated \$60,000, agreed for special trips.

## Exposure Case Fined

Explaining a \$200 fine imposed in an indecent exposure case last week, Granite City Police Magistrate Gasparovic said he has placed the man on a year's probation to a local businessman.

The fine, Gasparovic said, was not dropped, but will be collected if the man should cause further trouble. Gasparovic said local laws covering such incidents do not provide for jail sentences.

## Sacred Heart Church Scene Of McKee-Riess Nuptials

Sacred Heart Catholic Church was the scene of the wedding Saturday morning of Miss Patricia Riess and Ronald McKee. The bride is a daughter of Mr. and Mrs. Orville Riess, 2309 Hodges avenue. Mr. McKee's parents are Mr. and Mrs. John Riess, 2212 N. Main road.

The Rev. John Barrett performed the ceremony at 11 o'clock in the morning in a setting of white flowers and foliage. Preceding the bride and her father down the aisle were her sister, Mrs. Dolores Strathern, as matron of honor; Miss Beverly Bertacchi and Mrs. Mary Ann Riess, a sister-in-law bridesmaids; Carol and Sharon Strathern, nieces of the bride, flower girls; and Terry McKee, ring bearer.

John McKee was his brother's best man, serving with Glen Riess, William Strathern, Primo Bertacchi, Richard Bertacchi and Richard Bertacchi Jr., groomsmen and ushers.

Mrs. Margaret Crawshaw presided at the organ, and Miss Mary Ann Crawshaw was soloist. The bride wore an exquisite floor-length gown of scalloped, embroidered nylon organza. The fitted bodice had a square neckline edged with matching organza scallops, and the sleeves also trimmed the sleeves. A small tulle bow at the waistline in the back had streamers reaching the floor. The bride's veil of imported silk illusion cascaded from a latticed crown garlanded with sequins. She carried a prayer book topped with a white

orchid, stephanotis and variegated ivy.

The matron of honor and bridesmaids were gowned in mint green, orchid and yellow. Made alike, their waist-length dresses were fashioned of nylon organza over tulle with fitted bodices, scoop necklines and full bell sleeves. They carried cascades of carnations in contrasting colors.

The little flower girls' frocks were of green nylon organza over tulle with organza sashes. They held miniature cascade bouquets of tangerine carnations.

For her daughter's wedding, Mrs. Riess wore a beige lace sheath dress, a green hat and accessories and a corsage of green flowers. The bridegroom's tuxedo was in a blue silk print with accessories of white and a corsage of white carnations.

A reception was held at the American Legion Hall immediately after the ceremony, and the newlyweds left on a honeymoon trip. They will reside at 2309a Hodges avenue. Both parties are employed by the General Steel Castings Corp.

Mrs. Perry wore a ballet blue gown of chiffon, complemented with navy blue accessories. The bridegroom's mother selected an orchid lace dress and white accessories. Both wore white orchids.

A breakfast was served to the families and the wedding party in the church hall directly after the Mass and a reception and dance took place in the evening. After a short trip, the newlyweds will go to housekeeping in Granite City. Mr. Lenzi was a graduate of the Edwardsville high school and is employed in the Granite City offices of the Metropolitan Life Insurance Co.

## Miss Barbara Jeanne Wyatt, Raymond W. Blackburn Wed

The wedding of Miss Barbara Jeanne Wyatt, a daughter of Mrs. Joseph Buscemi, 204 Elm street, and Raymond W. Blackburn, whose parents are Mr. and Mrs. Pat Waters, 5040 Lakeview drive, took place Saturday evening at St. John United Church of Christ on Namecki road.

Rev. Paul Surbey heard the vows of the couple at 7:30 o'clock and a reception was held later at the Latin Quarter.

Candelabra lighted the sanctuary and white pom poms, gladiolus and ferns formed the altar setting. Candles in tall stand ards also illuminated the center aisle.

The bride wore a gown of white silk tulle over tulle. It was styled with a fitted bodice featuring a portrait neckline of pleated tulle and caught with jeweled flowers. The bodice was made with a swag with jeweled embroidery flowers caught at each loop and sweeping into a court train. She wore a full bouffant wig cascading from a tiara secured crown and her flowers were snowdrift pom poms and variegated ivy centered with an orchid to form a cascade bouquet. The bride was given in marriage by Mr. Buscemi.

Attendants were Miss Lura Lee Wyatt, a sister of the bride, maid of honor; Miss Jo Ann West of St. Louis and Mrs. Pat Fyffe, bridesmaids, Lina Burns of Collinsville, a cousin of the bridegroom, flower girl, and Joseph Buscemi Jr., the bride's brother, ring bearer.

Marina Fyffe was best man for Mr. Blackburn, and the corps of groomsmen and ushers included Larry Burns, the bridegroom's cousin, James Denham, Raymond Romine Jr. and Glenn

Romine. The two latter are uncles of the bride.

The maid of honor was in a floor-length gown of turquoise nylon over tulle. The bodice was ruffled and tiers of ruffles trimmed the skirt. She carried a colonial bouquet of blue and white pom poms and carnations.

Mrs. Fyffe was in lime green and Miss West wore daffodil yellow. Their gowns were trimmed with double ruffles in a zig zag pattern on the skirts. They carried contrasting bouquets and all wore matching headpieces and short veils.

The little flower girl wore a frock of white nylon with a pleated cummerbund in the colors of the bridesmaids' gowns. She carried small green flowers and petals in a basket.

Mrs. Buscemi was attired in printed silk with moss green and tangerine accessories. Her flowers were white carnations. The bridegroom's mother wore Delft blue with a matching hat and gunmetal accessories. Pink carnations were pinned at her shoulder.

Music for the wedding was furnished by Keith Curtis, soloist, accompanied at the organ by Mrs. Leibel Schmitt. The songs were "I Love You Truly," "Because" and the Lord's Prayer.

The newlyweds left after the reception on a honeymoon trip. They will reside in Granite City. Both are graduates of the Granite City high school. The bridegroom is employed by Blackburn Bros. Construction Co., Collinsville. The former Miss Wyatt is employed at the First Granite City National Bank.

Music during the reception was furnished by Mrs. Guinevere Berkley.

## Miss Jeanette Heth Becomes Double-Ring Ceremony For Bride of Richard Kienle

Bouquets of white gladioli and emerald arrangements decorated Concordia Lutheran Church, 23rd street and Grand avenue, for the wedding Saturday evening of Miss Jeanette Heth, a daughter of Mr. and Mrs. George Heth, 2324 Benton street, and Richard Kienle, a son of Mr. and Mrs. Harold Kienle, 2323 Grand avenue.

Rev. Arvin Twietmeyer heard the vows of the couple at 7:30 and the bride's parents gave a reception at the church afterward.

A program of wedding music was furnished by Vicar Ronald Jackson, vocalist, with organ accompaniment by Prof. Arlie Ehlen.

Mr. Heth escorted his daughter down the white carpeted aisle and gave her in marriage. Her gown was made of Chantilly lace over tulle and layers of net. The front was draped and the bodice was trimmed with lace and net inserts. Lace edged the round neck and the sleeves were of the traditional type long and tapered over the hands. A three tiered scalloped veil of tulle was held in place with a crown of seed pearls and the bride carried a bouquet of white gladioli surrounded an orchid.

Heading the procession to the altar was the maid of honor, Miss June Heth, twin sister of the bride, Miss Cheryl Kienle, a sister of the bridegroom, as jun-

ior maid, two little flower girls, Christine and Constance Antoff, twin nieces of the bride, and Theodore and Don Heath, twin nephews of the bride, as ring bearers. The maid of honor and bridesmaid were in pale pink nylon over tulle and with a deeper shade of pink encircling their waists. Tiaras matched the dresses, as did the veils. Both held bouquets of white carnations and pink Sweetheart roses.

The little flower girls, carrying baskets of rose petals, wore long white nylon dresses over tulle with sashes of deeper pink.

Mrs. Heth, the bride's mother, selected a powder blue lace sheath dress, white accessories and a white hat. Her flowers were pink cymbidium orchids. The bridegroom's mother chose a cocoa brown lace dress and matching accessories. Pink cymbidium orchids made up her corsage.

Leland Elert was best man and Gerald Ezell, Charles Heth, a brother of the bride, and Edward Glovevogel were groomsmen and ushers.

The newlyweds will reside in Granite City when they return from a honeymoon in the Ozarks. Mr. Kienle, who spent three years in the U. S. Army, two of them in Germany, is employed at the Tri-City Grocery Co. warehouse. His bride is a Granite City Engineer Depot employee.

Miss Nedra Janice Hillman, daughter of Mr. and Mrs. Howard Hillman, 1532 Russell street, and Theodore F. Moran, son of Mrs. Evelyn Moran and the late John Moran of 2535 Waterman avenue, were united in marriage Saturday morning at ten o'clock mass. St. Elizabeth's Catholic Church on Johnson and Madison roads was the setting for the wedding with two large bouquets of white gladioli and pink carnations.

Miss Karen Snell, a cousin of the bride from Carlinville, Ill., soloist, sang "Ave Maria," "Moth-er At Thy Feet," "Oh Lord I Am Not Worthy" and "On This Day Oh Beautiful Mother." The bride was accompanied at the organ by Mrs. Mary Hawks. A bouquet of white flowers was presented to the Blessed Mother by the bride as the soloist sang.

The bride was given in marriage by her father who escorted her down the white carpeted aisle. She wore a gown of the finest nylon tulle and chantilly lace. The traditional long sleeves and fitted lace bodice complemented the skirt worn over heavy bridal satin with a lace pedum trimmed at the edges.

The bride had a floor length panel of lace extending to the floor.

The scalloped sabrina neckline was highlighted with sequins which added to the attractiveness of the gown. The bride wore a miniature crown of imported lace outlined in pearls with a silk illusion veil. She carried a cascade bouquet of white pom poms centered with a white orchid.

The matron of honor, Mrs. Liane Gates, of Indianapolis, Ind., a sister of the groom, and the bridesmaid, Mrs. Barbara Wells, aunt of the bride, wore identical-style ballerina gowns of white sheer with pastel blue bow knots and matching bias bands around the skirt and the empire waistline.

Large blue butterfly streamers at the backs of the gowns accentuated the blue of the matching head pieces worn. Colonial bouquets of white and pink carnations were carried.

A little flower girl, Loretta Budryk of East St. Louis, wore a full-length gown of white nylon net over tulle. The tight bodice and short puff sleeves gave added interest to the very full skirt which was formed of nylon now and ruffled with blue bows with a wide matching lace facing a large bow at the back of the waistline. The blue of the gown was the matching color of the matron of honor and bridesmaid. A band of blue flowers was worn for the head piece. She carried a bouquet of pink and white carnations.

The ring bearer, John Gates, of Indianapolis, Ind., nephew of the bridegroom, carried a heart-shaped satin and lace pillow which held a large bow in the center outlined with stephanotis, holding securely the two rings. Mr. Moran chose for his best man, John Curry and groomsmen Ronald Munan, both of Indianapolis, Ind.

Lyle Hillman and Thelma Hillman, brothers of the bride, seated the guests for the wedding.

For her daughter's wedding, Mrs. Hillman chose a chocolate brown eyelet sheath dress with a peplum skirt. The scoop neckline and cap sleeves were edged in satin featuring a satin belt. Beige accessories were worn. Mrs. Hillman wore a corsage of yellow and white carnations.

Mrs. Moran was in a dress of sage green linen with push up sleeves. Black accessories were worn and a corsage of green and white carnations.

A breakfast was held immediately after the ceremony at Sacred Heart hall for members of the families and the wedding party. A reception was held in the evening at the hall with approximately 350 guests present. The bride is a graduate of the Granite City high school, class of 1957 and a graduate of the Jewish Hospital School of Nursing.

The groom graduated from school in Indianapolis, Ind., class of 1955 and attended college at Carbondale for one year. He is now airman first class. The newlyweds departed for a two-week honeymoon trip to New York after which time they will return to Granite City.

## Safety Week Observance

# Auto Safety Checks For GC Steel Co., Dow Employees

In an effort to cut down the number of Labor Day traffic accidents, two local industrial plants have scheduled the first auto safety programs of their type in the Illinois Metropolitan Area.

Dow Metal Products Co. employees were offered a free 10-point safety check of their cars Friday, and similar 10-point inspections are being conducted from today through Friday, Sept. 2, at the Granite City Steel Co. Over 300 vehicles were checked at the Dow plant, with many minor deficiencies noted.

The auto inspections were planned as part of the Quad-City Safety Council's observance of "Safety Week" on Sept. 1-7. A safety poster contest also is being sponsored by the council.

At both companies, volunteers from the Labor-Management Safety Committees manned the check lanes. All were specially trained in what items to check. John Bralowski, a member of the joint safety committee, served as chairman of the auto safety program at Dow, in cooperation with Al Weider, Dow safety coordinator and Quad-City Safety Council president, and Eugene R. Burnett, supervisor of security and safety at the Madison plant.

**Heavy Response**  
"The car inspections resulted in a greater response than we

had expected," Burnett commented as the program drew to a close Friday afternoon. "The busiest check lanes were at the rear gate on College street, and many private cars of employees also were checked at the main gate."

The Dow inspections were conducted Friday morning as day shift employees arrived and resumed Friday afternoon to accommodate others passing through the gates.

"We hope all employees will take advantage of this chance to have their cars checked for safety," Lyle E. Guley, Granite City Steel vice-president in charge of operations, said in announcing this week's inspections.

**Poor Risk If Car Defective**  
"And we hope that we can set a good example for other industries in the area with this safety check. Even our best drivers are poor risks if they are driving cars with bad brakes, worn tires or other neglected items," Guley commented.

Check lanes are set up on a portion of the company parking lot near Lee avenue between 20th and 21st streets. The items being safety-checked are brakes, front and rear lights, steering tires, exhaust system, glass, windshield wipers, rear view mirror and horn.

**Windshield Stickers**  
A safety "checked" windshield sticker is given to employees whose vehicles are checked and found in safe operating condition. Drivers whose vehicles are found to be unsafe are urged to have the dangerous conditions corrected before they become responsible for a traffic accident.

Granite City Steel Safety Director L. C. "Red" Parker said, "Many motorists don't know they are driving cars that endanger themselves, their families. Last year, one out of every five cars checked in nation-wide checks had defects needing attention. A safety check is the best way to find out."

"With the big holiday coming up next weekend, we hope to have as many employees driving safe automobiles as possible."

**WHAT DO PRESCRIPTIONS CONTAIN?**

Sometimes you get a large bottleful, or perhaps a few tiny tablets or capsules. But, each one also contains several priceless ingredients.

A prescription represents the accumulated knowledge a physician acquired after many years of study. To compound it properly, a pharmacist had to attend a College of Pharmacy for a long time. The drugs in it took much research to perfect and extensive clinical testing to insure safe use. Yet, the average prescription costs only about \$3. Truly, an amazingly low price for better health.

**YOUR DOCTOR CAN PHONE US** when you need a medicine. A great many people entrust us with their prescriptions. May we compound yours?

## Opening Practice For Granite City, Madison HS Gridiron Squads Today

Granite City and Madison high school football squad candidates went through opening workouts of the 1960 season today as head coaches Andy Sullivan and Glen Pickering began the always "impossible" task of whipping ball clubs into shape for opening games which are only three weeks away.

The Warriors, with only eight returning lettermen in the fold after a 4-5 season last fall, went through conditioning exercises at 9 a.m. and 2 p.m. today, while Trojan squad members did likewise under the watchful eyes of Pickering, new head football coach at RMS, beginning at 1:30 p.m.

Granite City has scheduled three-day sessions until the beginning of classes on Sept. 6; Madison will work out once daily, since school was in session as of this morning.

Sullivan, already worried about lack of speed in his backfield, lost 16 lettermen through graduation this spring from a squad which finished fourth in the Southwestern conference with a 3-4 slate.

Returning after earning varsity letters during 1959 are backs Bob Berry, Joe Grabowski and Jerry Walker, ends Bob Hanft and Bob Summers, and guards Bill Ridings, Al Lewis and Don Pindell, Sullivan.

## Sportsmans, Briggs Stay On Top With Tavern Wins

Briggs Tavern and Sportsman's Club continued to run neck-and-neck in a first place tie in the Sunday morning Trojan Softball league today after both had come up with victories No. 13 in 16 tries this season.

The teams also widened the gap between themselves and the top contenders, Green Hall and Jug's Hideaway, who were defeated.

Sportsman's accounted for the Green Hall downfall 7-4, while George Vivot hit a three-run homer to spark the winners. Jim Goodrich was the winning pitcher, and Gene McMurtry the loser. Bill Page posted a three-run round-tripper and Joe Pe-dora hit one with nobody on base to account for all four Green Hall rallies. Bob Burns had a triple for Sportsman's, Bob Pare a double for Green Hall.

Briggs clubbed Home of the Blues 22-6, despite 14 hits by the losers off winning hurler Paul Thompson and reliever Sonny Nilenski. Pete Burdge homered for Briggs and Ray Hoffman had a perfect morning with five hits in five trips, including two doubles. Ted Sabec homered for the losers and John Seho had a double and four hits.

Jug's is upset

Bookie's Homestead came up with the only big upset of the day, turning back Jug's Hideaway 5-4 in eight innings. It was the fifth win in six tries for Bookie's, which had lost 11 Ackermann 20-1.

Ray Jones drove in the deciding runs with a double to give relief pitcher Bob Mikol the victory. John Webster started for Bookie's and pitched seven innings. Clayton Harrison had three hits for the losers. Howard Thebaud took the loss.

Polish Hall moved into the tie for fourth place with a resounding 15-3 win over Mary's place, paced by the hitting of Joe Asperger who had four safeties including a triple. Nick Asperger did not credit for the win, and Steve Hardesty was the loser.

New entry Clinton Tavern scored all its runs in the first but could not hang on against Club Delmar, which came out on top 12-8 in the fifth game. Rich Patterson hit a three-run homer for Delmar. Harold Schmitz was the winning pitcher, and Bob McKinney the loser.

An estimated 2700 persons watched the five-hour, 14-event program held on a special arena on Fehling road. The event was wrapped up two hours earlier than the first show a year ago, with \$700 in cash prizes being awarded along with numerous other awards.

About 160 horses were entered, about the same number as last year. Moody said most of last year's entries returned. The club expects to clear about \$3000 from the event, which it will use for its charity and civic development fund. Last year the attendance of 2900 brought in \$2100.

The atmosphere was jolly as the Rotarians strolled about like bit players in a Hollywood western, children shrieked with delight over the ponies and Palominos, onlookers in cars circled Fehling road and horses scampered briskly outside the arena.

No local entry came up with a top prize in the competition but two men took double victories. They were Ray Searls of Medora, who was stricken later in the afternoon, and Mel Shy of Oakville, Mo.

Searls, 74, was taken to St. Elizabeth Hospital for observation and later transferred to the hospital at his home.

The only other injury occurred during the sprint race when a rider, identified as Joseph White of Cottage Hill, Ill., was thrown from his horse at a turn in the fast-moving race. The horse stumbled and threw him clear. He suffered a possible sprained knee; the horse was not injured.

# Mercer Sweeps Twin-Bill, Sacred Heart Splits With Troy

Mercer Funeral Home and MacLackin Buick put more heat between themselves and other teams in the Blue and Red divisions of the Southwestern Illinois Inter-City Baseball League yesterday afternoon by sweeping doubleheaders, but both squads had to go extra innings in one game of their twin-bills to accomplish that feat.

Mercer edged invading Carpenter 7-6 in the first game at Wilson Park, and then required 12 innings before recording a 12-0 win in the second game at the same place.

The Bucklewon took 10 frames in the first of two against Mary-

ville to squeeze out a 7-6 victory, and then came back to win the nightcap easily, 7-2.

Granite City's Red loop repeated its victory at Troy. After shutting out Troy 6-0 in the first game, the Hearts were defeated 7-5 by the last-place hosts in the second encounter, and fell three full games off the pace being set by MacLackin.

Mercer topped its lead over second-place McAteer Glass to a full game. The Glassmen played the only single game of the day, downing Highland 12-8 in a slugfest. In Sunday's fourth double-

header, State Savings moved back above the 500 mark and became a three-run team. Hearts second-place perch by winning two from White City, 6-3 and 6-0.

**Johannmeier Sparkles**

Mercer, fresh from a 21-3 exhibition win at Menard Prison Saturday afternoon, used defense to trip the visitors from Centerfield. Johannmeier threw out Carpenter's Ray Perry at the plate three times during the afternoon.

Five singles, a walk and sacrifice fly produced three runs for

Mercer in the third inning of the first game; five more singles and a passed ball were good for three more in the fourth to give the hosts a 6-4 lead.

Carpenter tied it with single markers in the sixth and seventh. With one run in the bottom of the ninth, Rich Brand-Schubert doubled for Mercer, and Bill Diak followed with a two-out single which drove in the winning run.

**Angelloff Wins Two**

Jack Buente started for Mercer and was relieved in the eighth by Andy Angelloff, who picked up the win. Angelloff al-

so came on in relief to pick up a victory in the second game. Mercer scored twice in the fifth, but Carpenter got two in the sixth and one in the seventh to tie the score at 9-9.

The clubs traded one-run rallies in the 10th before Mercer tied it with a pair of tallies in the 11th. Johannmeier led off with a single and all hands were safe when the Carpenter infield erred on Wells' sacrifice bunt.

Johannmeier, on deck in the third, Wells swung second and catcher Clayton Harrison drove in the leading run with a sacrifice fly. Angelloff added the in-

urance run when he played Wells with a single.

Ronnie Parker came in to nail down the win for Angelloff, who had relieved starter Joe Holder in the second. Warren Stahuber, who pitched 9½ innings for Carpenter, was the loser.

**Page Hurler Shutout**

Bob Page twirled a neat, 7-hit shutout for the Hearts in their first game, while the Tucker-men came up with three-run innings in the third and fifth off Troy starter and loser Terry Bub, who gave up 11 hits. In-

cluded were three by Bob Burns and two each by Jim Falk and Wayne Pashea. Burns' showing elicited a double.

In the second contest, Sam Zossett, who had pitched a no-hitter earlier, had another one going for the better part of six innings before he was shaken up on an infield play and lost his control. The Hearts were leading 2-0 off the time, but then the roof fell in.

Troy tied the game in the third and scored five more in the eighth on six walks and only one hit. Lyman Tucker and Bob Burns relieved Gossett. Vernon Koenig went the distance for Troy.

### The Downstate Fisherman

By PETE BROWN, SUC

(Compiled by the Southern Illinois University Information Service from area reports)

Fishing at Lake Murphysboro these days is a little more than a waste of time ("worst ever," according to some old timers), but some week after Labor Day—look out.

State fisheries biologist Merle Price has announced plans for a 16-day "drawdown" starting Sept. 12. The lake won't be closed during this operation, so fishermen with an eye for some good action will probably be flocking in by the boatful. This should also serve as notice to boat owners to take care of their craft before draining begins.

Purpose of the project, of course, is to thin out the growing population of small bluegill and other sunfish. The last time Murphysboro was lowered was mere two feet to build a bridge over the spillway—thousands of small bluegill died in the process. Price predicts that the forthcoming weed-out will make Murphysboro "the hottest lake in Illinois by 1962" and reduced competition should boost sizes of the bluegill in the new population.

While poor fishing appears to be the rule at the better known spots Du Quoin City Lake has shown no signs of slowing down.

### Phillips, McFarland Record Gems; 3rd Hurler Whiffs 20 Opponents

"It's gonna be a dandy," was the comment from one happy softball fan last night as the seventh game of the Illinois State Class 'B' state tourney, came to an end at Wilson Park.

The individual was doubtless referring to the caliber of play in the first round of the tourney, being held here for the second successive year. Included in the first seven games played have been two no-hitters and another 1-0 nine-inning marathon in which the winning hurler fanned 20 opposing batters.

Advancing to the second round of the tournament, which has drawn 28 entries this year, were Wayne O'Leary, Lovington, Borden Auto Service, 2nd Church of Christ, Olive Branch Civic Club, Borden Auto Service, 2nd Church of Christ, and Decatur Index.

From mediocre to poor is the dismal word on bass fishing at Little Grass Lake Minnow fishermen have taken some, a few have been caught on poppers and a scattering of medium-sized ones have been picked up trying. Best fishing at the moment is crappie—10 to 20 feet deep during the day, five to 10 feet in the evening hours. Moderate catches of fair-sized bluegill have come out of deeper holes with crappies doing the best job.

No fishermen, no fish at Horseshoe Lake, and the river is still a shade too high for best results in the evening hours. Moderate catches of fair-sized bluegill have come out of deeper holes with crappies doing the best job.

### BSPL Playoff Title Goes To Grace, 8-4

Grace bunched five of its 10 hits in the final inning of the Borden-Southwestern Illinois league playoffs Thursday night, broke a 4-4 tie with Meadow Heights and moved to the post-season playoff title at Lee Park in Venice, 8-4.

Jim Röhler picked up the important victory in the longest last game during its first season, stopping Meadow Heights on seven hits, Jim Price and Jake Jacobs split the catching chores for Grace.

In the decisive seventh, Don Crain homered with the bases empty and one out. Jacobs and Dick Fanning singled with two out, and Dave Friley drove them both home with the fourth hit of the inning, taking second on the throw to the plate.

Marvin Keel then drove in the fourth run with a follow-up single. Crain finished a triple in the ballgame and teammate Jack Logan picked up three hits. Bill Randolph, started on the mound for Meadow Heights, and gave way to Bill Lemond in the sixth. Lemond was the loser. Ray Wayne and Russell Smith caught for Meadow Heights. Lemond tripled for the losers.

Two more tallies on only one hit. Dick Kornwall, who relieved Tom Houser in the fourth inning for Decatur, got credit for the win.

## Venice Relief Work Program Being Readied

The Venice township relief assistance work program is in the final stage of preparation for starting Thursday, A. W. "Coop" Moore, township supervisor, said today.

A work sheet containing the names of 35 able-bodied men whose families are getting financial aid from the township has been compiled in joint co-operation with Illinois Public Aid Commission County Representative Lester Gentry, the supervisor added.

Gentry with the completed worksheet and eligible list will arrive in Venice Thursday from his Edwardsville office, and about seven workers will be selected to get the work program underway.

Workers employed in the Madison-Venice area will be credited at an hourly rate of \$2.10 against their assistance accounts. The Venice township credit payment rate Nuneck's hourly rate of \$1.50 to assistance workers by 60 cents.

Moore pointed out that workers, drawn in rotation from the township list, will work only the hours necessary to balance their accounts. Working on weed eradication, culvert and ditch clearance, the men will not replace or cause unemployment in regular Madison and Venice City street department ranks, but will be used solely as additional work force.

Three other traffic signals at the intersection remained in operation.

## Four Winners From Here At Ceramic Show

Four Quad-City ceramic artists walked away with six awards at the second annual Mid-States Ceramic Association competition held Friday in St. Louis.

Hedy Brinkmeyer, 12, daughter of Mr. and Mrs. John Brinkmeyer, 1824 Ferguson avenue, captured a "Freddie" award, highest in the teenage division, for a plate with glass inlays. She also won two blue ribbons, for an underglaze design on a vase and a butterfly tray done in glazes.

Other winners of blue ribbons were Mrs. Cecil Roodhouse, 2353 Edison avenue, first place for a piece of decorative greenware of birds sitting on a log; Orville Ganz, Rural Route One, first place for a tile picture of birds in a stans; and Marcella Mc Lester, 2332 Edison avenue, third place for a plate done in glass inlays.

Some 400 ceramic works were entered in the show, with competition open to artists throughout the country. Mrs. Virginia Schermer, operator of the Schermer Ceramic Studio, said today.

The awards were presented at a breakfast at Hotel Chase Saturday morning. The show was held Friday through Sunday at the hotel's exhibit hall and featured continuous demonstration of some of their works.

### QUAD-CITYANS CAN BE FOSTER PARENTS ABROAD

Dear Neighbors: Do you want a sure cure for loneliness? Do you want to make a friend? Would you like to get a letter that starts, "I long to get a letter from you so as to know you better." I got such a letter recently. I made me realize that I had been letting something very precious slip by a chance to make a friend. My letter was from a 12 year old boy who lives in Italy. He is my foster son whom I sponsor under Foster Parents' Plan, Inc. Antonio lives in a small town. School vacation in Italy meant time to take nice long walks, but not very often he said as his mother is afraid that something might happen to him. His mother is widowed and is the sole support of him and of other children. I can understand her fears. I am a mother, too, with two teenage daughters to support.

I thought of what school vacation had meant to me. A trip to the Ozarks. Time to redecorate three rooms of my home. Then a trip to Northern Illinois.

"I long to get a letter from you."

Why hadn't I written sooner? He has never failed to thank me for the monthly allowance that he gets under Plan. He has even given me the benefit of a doubt when you are quite right, my dear Foster Mother, he had written.

DEPLORES RELIGIOUS PREJUDICE IN CAMPAIGN The Forum.

In Denver, the Baptist Convention attacked Catholics in politics. And the hall of religious prejudice, in the Presidential Campaign is beginning to roll in Texas at the behest of Baptist leaders.

These leaders are rendering a great disservice to our country when they preach religious prejudice to sway congregations through fear that "our country will be taken over by the Roman Catholic Hierarchy."

Such preaching comes from men with little vision of and shallow faith in the democratic processes of our country.

I say the catholic affiliation of any capable man as President should make no difference. Reflect a moment... there have been many influential positions commendably filled by Catholics in the political make-up of our democracy which has served us so well. So why all the fear?

Three Quad-City students are among nine from Madison county who have been awarded teacher education scholarships, it was announced today by George T. Wilkins, state superintendent of public instruction. Earlier, 19 local students were awarded the scholarships, entitling them to enter any of five state universities.

The latest scholarship recipients are Misses Janet King and Barbara Bailey of Granite City and Miss Margaret Arthart of Madison. The scholarships were made possible by a transfer of unused or partially-used scholarships from quotas of other counties.

### Services For Mother Of Raymond Willie

Bereavement services were held yesterday in Collinsville for the mother of Raymond Willie, 2223 Lincoln avenue. She was Mrs. Clara Willie, 70, of 2930 Maryville drive, Maryville, who died Thursday at St. Mary's Hospital, East St. Louis. She had been a patient there one month.

Born in Maryville, she was a member of the American Legion auxiliary there. Her husband, Edward Willie, died in 1943.

Besides her son, she is survived by two daughters, Mrs. George (Vera) Grizis, Collinsville and Mrs. Ellsworth (Vina) Thomas, Glen Carbon; a brother, Henry Schumke, Maryville; two sisters, Mrs. Amelia Willig, Glen Carbon and Mrs. Augusta Schallmeier, Wray, Colo.; and six grandchildren.

### Son Born To Former - Granite Cityans

Announcements have been received by friends here of the recent birth of their third son, Alan Franklin, to Mr. and Mrs. Bob Brimm, 129 W. Water street, Urbana, O. The couple has two other sons, David, four years old, and Richard, two.

The new arrival weighed seven pounds, 15 ounces. The father was formerly employed as a reporter by the Press-Record.

### Intersection Collision

A two-car collision occurred at McCambridge avenue and Sixth street Friday at 3:15 p.m. when an auto driven by Donald C. Lucas, 21, of 4118 Division street, going east, collided with the left side of the car of Russell D. Robinson, 28, of 4752 Nameoki road, Robinson was pulling into traffic from the curb. No injuries were reported.

### HOPE'S CIVIC LEAGUE WILL TURN TO IMPORTANT ISSUES

Your editorial of August 18 suggesting that the Quad-Cities needs a non-political group like the League of Women Voters in Alton. It may be a good idea, for the Granite City Civic League has been lazy in its attempt to focus the public eye on important issues.

But, perhaps, you are a little hasty with your editorial, for in September the Civic League is supposed to hold an election of officers. Perhaps with new leadership the Civic League can produce the very thing you wrote about.

**Severely Disabled Vets  
May Get More Aid**

Severely disabled veterans may be eligible for an increase rate of compensation as the result of recent action by Congress. John B. Naser, manager of the Veterans Administration Regional Office in Chicago explained today that the new law provides a special rate of monthly compensation amounting to \$265 for a veteran with a service-connected disability who also has service-connected disabilities independently ratable at 60% or more or who is housebound permanently because of such disability.

The law also provides a special monthly compensation rate of \$212 in cases where such service-connected disabilities were incurred in peacetime service.

A veteran is considered to be permanently housebound if he is confined for the most part to his home or immediate premises due to his service-connected disability and if the disability is reasonably certain to remain throughout the veteran's life.

Naser explained that many veterans are rated on each disability, and thus their ratings may well exceed 100%, the ceiling for a composite rating. This 100% rating currently carries with it a payment of \$225 although extra payment is possible for specific losses of vision or extremities, and for care and attendance and dependents.

The new law provides an increase in the basic \$225 payment where a veteran's disabilities total more than 100%.

**Plumb, tender turkey, in parts or in halves as featured here, is sure to win votes of approval when barbecued to a turn. Slow cooking and frequent basting with a good sauce helps to put the flavor right down to the bone.**

**Now Is The Time**  
Don't wait, now is the time to put turkey on your shopping list for a summertime treat. With a record crop of 87 million you may expect prices to be most attractive thus making it possible to serve this delectable meat at a cost per serving that is well in line with other high quality protein.

**A Smart Trick**  
When time is at a premium, a smart trick practiced by many barbecue enthusiasts is to first cook the turkey about half done in the range oven. Then transfer it to the grill for the last half. There it cooks over low heat until tender and well browned. At this stage the secret of success is to turn the turkey often, every 4-5 minutes, basting with a good barbecue sauce each time it is turned. The following sauce recipe is excellent.

**Barbecue Sauce for Turkey**  
1 teaspoon salt  
½ teaspoon pepper  
3 teaspoon paprika  
2 tablespoons brown sugar  
½ clove garlic  
1 cup catsup  
1 teaspoon dry mustard  
½ teaspoon chili powder  
½ teaspoon sodium glutamate  
1 medium onion finely chopped  
½ cup water  
½ cup lemon juice or cider vinegar  
1 tablespoon Worcestershire sauce  
½ cup butter or margarine  
Blend spices and sugar. Add garlic, onion, catsup and water. Heat to boiling. Remove from heat. Add butter, lemon juice, and Worcestershire sauce. (Makes 2½ cups of sauce.)

Turkey may be marinated before cooking, several hours overnight, using barbecue sauce, french dressing, wine or a lemon-vinegar-spice marinade.

**Report Of Prowler**

Granite City police were unable to locate a prowler reported in the 4000 block of Rode avenue at 1:23 a.m. today, but found open windows at a garage in the area. The owner was notified.

Roy L. Overton, 19 East Alton, was arrested by Granite City police at 6:30 a.m. Saturday for driving the wrong way on a one-way street, at 22nd and State streets. He posted his driver's license as bond.

Members of the committee in charge of the affair are Joe Berggrath, Harry Hartman, Glen Swann, John Hughes, Ed Wagner, Frank Steinman, and Ernest Massman.

The legion home grounds have been decorated for the event and several riding devices and concessions will be in operation. There will be dancing Saturday and Sunday each afternoon and night and again on Monday night.

A special meeting of the Community high school board will be held next Tuesday night, Sept. 3, for the purpose of receiving bids on the proposed lighting system for night football.

The local school board feels that the lighting system, which is expected to cost in the neighborhood of \$2000, will pay for itself in two or three years.

Wilson Park swimming pool will close Labor Day following the afternoon session. It was announced today by Ralph Forhardt, director. Attendance this year, except for the last few days of cool weather, has been unusually large, he said.

On the closing afternoon, a clown performance will be given at the pool by Fairground Park swimmers. Robert Reed, for merly of this city, is captain of the park team and a member of the University of Iowa tank squad.

### Two Divorces Granted In City Court

Two divorce decrees became final before Acting City Court Judge L. H. Strever, Alton, here Thursday afternoon.

Shirley M. Bell was divorced from Edward D. Bell on the grounds of extreme and repeated cruelty. Married May 3, 1953, the couple separated on Aug. 7, 1960. The custody of one minor child was granted the plaintiff.

Ray Martin Kurtak was divorced from Mona Charlotte Kurtak on the grounds of conviction of a felony. The decree went to the defendant. The couple married on Sept. 6, 1947, and separated on April 18, 1960. Neither party was granted the custody of one minor child.

### Noonday Optimists Hold Special Meeting

The Noonday Optimists, in deference to members unable to attend regular weekly luncheons, postponed the Thursday gathering until dinner time.

Floyd Mitchell, past-president spokesman for the group, said the club would repeat the nocturnal meetings at monthly intervals.

Thursday's meeting, a purely social affair with no business transacted, was attended by 25 members and a guest, Robert Beide, at Illinois Power Co.

# Two good reasons

## why children need good light for studying

Eyesight is priceless . . . and your child deserves the best in proper lighting for homework. Scientists and educators tell us the study light should be scientifically designed to provide plenty of illumination, about 16' from the work, with no glare in the eyes. The desk top should be non-reflective and the study area as private as home facilities permit. Follow these simple rules and you'll help your child toward a lifetime of good eyesight. Chances are you'll find grades and study habits improved, too.

Student lamps with scientific "better light—better sight" design can be bought at our showroom for only 95 cents down. Take one home today . . . for two very good reasons!

## Granite City is Beneficiary Of St. Louis' Mistakes 69 Years Ago

In all probability, Granite City would not be in existence today, certainly not as large as it is, and over 5000 jobs at Granite City Steel Co. would have been lost forever, if the city of St. Louis and the owner of a small piece of property had not been short-sighted and selfish back in 1891.

This interesting bit of historical information came to light in a series of articles currently appearing in "The Mill," employee publication of Granite City Steel Co.

The late George W. Niedringhaus, before his death, described the unsuccessful attempt to expand their north St. Louis Rolling Mill 69 years ago. "Sufficient property was bought with the exception of a small piece of ground that was necessary to round out the tract, but was held by people owning it at an exorbitant figure."

Then, too, a blind street . . . ran through our property and while the street had never been opened, being public property precluded using it for building purposes. Efforts were made to have this street vacated, for which the Messrs. Niedringhaus (his father and uncle) offered to pay a good price. Opposition developed in the Council, which finally resulted in our giving up all thought of building in north St. Louis, and we began looking for a new location."

The rest is history. This illuminating commentary, though 69 years old, holds an object lesson and illustrates how easy it is for a community to "miss the boat" by allowing stupidity and cupidity to call the tune. Last year, Granite City Steel Co. enriched local citizens with a payroll of \$38 million—and the company is still growing, as well as attracting other new industries such as A. O. Smith Corp.

Industry is not entitled to special privileges, but the moral of this story is that if a community—any community—wants to grow and have jobs for its citizens, there cannot be tolerated today's counterpart of yesterday's stupidity or cupidity.

Industry simply will go elsewhere as it did 69 years ago, and some other community will reap the benefits.

After trying for a long time, we are finally convinced that one of the hardest ways to do anything is to put it off.

## Oral Vaccine Should Deliver A Knockout Blow To Polio

Already staggered by the Salk vaccine, poliomyelitis should receive a knockout blow next year with widespread distribution of a live polio vaccine developed by Dr. Albert Sabin of the University of Cincinnati. Chief advantage of the Sabin vaccine is that it can be taken orally, in tablet or liquid form, and it also is expected to be cheaper than the Salk injections.

Plans to license the new vaccine have been announced by the federal government following extensive tests in this country and study of the effectiveness of oral vaccines in other nations. Manufacture by pharmaceutical laboratories will be approved as soon as they meet technical requirements, and production is

expected to start next spring, with large supplies available by the fall of 1961.

Since the Salk vaccine went on the market, 91,000,000 Americans have been inoculated. This represents only about half of the population, and the result has been a drastic reduction in polio incidence. However, many cases of crippling and deaths have continued to occur.

With an easy-to-take vaccine soon to be available, all should avail themselves of the protection. Polio can then join diphtheria, yellow fever and others on the list of diseases conquered by medical science.

## Personal Income Rising Faster Than Both Taxes, Living Costs

Taxation by all levels of government rose to a record 100 billion dollars in 1959, new federal reports indicate, but the \$1,400,000,000 rise was made more palatable by a substantial gain in individual purchasing power.

National personal income increased by 23 billion to a new high of \$381,000,000,000, a gain of six per cent over 1958, while consumer prices rose by only one per cent. Per capita income nationally moved up \$97 to \$2166—an average of \$2610 in Illinois, the fifth highest state.

Of the \$2166 national income figure, \$567 went for taxes—\$381 to the federal government and \$185 to state and local governments. The \$185 amount included \$87 in property taxes, \$59 in sales taxes and \$11 in income taxes.

While purchasing power climbed faster than taxes and federal tax revenue declined by \$700,000,000, the figures show a need for greater attention to holding the line on taxation. The three levels of government spent \$124,800,000,000 during 1959, considerably more than their tax receipts, obtaining the extra finances through non-tax revenue and borrowing.

Sometimes it would be a good idea if the people who listen to public speakers would get up and talk back.

## New Type Of Lobby Group Urging Caution In Spending

Most lobby groups urge legislators to approve proposals for new or increased ways of spending tax money. A different slant is taken by a dozen state organizations which have urged Congress to reject any extravagant spending plans in its August session and to continue work toward a budget surplus.

The 12 groups meeting in St. Louis for a middle-states taxpayers' conference charge that Congress already has dissipated nearly half of the projected \$4,200,000,000 budget surplus for fiscal 1961. The groups warn against a politically-inspired spending spree, noting that it is unusual for a lawmakers session to be held in such close juxtaposition to a presidential and Congressional election.

Whether the taxpayers' views will be followed remains to be seen, but it is interesting to note pressure coming from this direction, a sharp contrast to the usual lobbying pressures. It will be up to the senators and representatives to decide how to chart their course between the opposing reefs of fiscal irresponsibility and inadequate or excessive spending.
